For the existing special conditions described under that item,

Substitute the following:

6. MEDICAL AND PHARMACEUTICAL PREPARATIONS—(AID COMMODITY CODES, 3701, 3702 and 3705)

A. Medicinal and pharmaceutical preparations must be procured pursuant to specifications contained in the current U.S. pharmacopelia and in the National Formulary of the U.S.

B. The importer should advise the U.S. Supplier that transactions for the pharmaceuticals must meet the following additional requirements in the "Special Provisions for AID Financing of Commodity Code 370—Medicinal and pharmaceutical preparations" as set out below:—

I. A. Identification

1. Invoices must list, opposite each item billed, the established name, as defined in Section 502(e)(2) of the Federal Food, Drug, and Cosmetic Act, and quantities of active ingredients in each item supplied.

2. Invoices for pharmaceuticals processed into finished-dosage form while in the country area foreign trade zone (free port) or bonded warehouse from which they were shipped to the cooperating country, must show the name and full address of the manufacturer of the finished compound or bulk material which was processed into such finished-dosage form.

B. Specifications and Compliance

Every medicinal or pharmaceutical preparation shall comply with the requirements referenced in paragraph 1, 2 or 3 below:

1. U.S. Federal Food Drug and Cosmetic Act.

(a) Items for which the United States Pharmacopeia or the National Formulary of the United States has established specifications shall comply with the minimum requirements of such specifications.

(b) Any preparation in finished-dosage form which has ever been approved by U.S. Food and Drug Administration as a 'new drug' must be labeled in accordance with the Food and Drug Administration's requirements

relating thereto. If such preparation is shipped in other than finished-dosage form, it shall comply with minimum requirements of strength, quality, and purity specified in an approved New Drug Application relating to the preparation.

- (c) Any pharmaceutical not included in the USP or NF, which is not an approved 'new drug' and any certifiable antibiotic or product containing insulin, must be supported by the supplier's signed statement that it meets the strength, quality, and purity specified in its labeling, and is safe and efficacious for use as directed in its labeling.
- (d) Any antibiotic or derivative of an antibiotic, and any product containing an antibiotic ingredient or derivative thereof or any drug composed wholly or partly of insulin, must conform with U.S. Food and Drug Administration requirements for such products. Invoices covering such products must show batch number(s) and must be accompanied by copy(ies) of the Food and Drug Certificate(s)* for certifiable product(s). Invoices covering antibiotic bulk must be accompanied by a copy of the results of the check tests and assays conducted by Food and Drug Administration which attest to the strength, purity and quality of the antibiotic bulk shipped.

2. U.S. Public Health Service, National Institutes of Health.

Any biological product for human use must comply with safety, sterility, potency and other requirements of the U.S. Public Health Service, National Institutes of Health. Invoices covering any such item shall show evidence of such compliance, unless this requirement has been waived by AID.

3. U.S. Department of Agriculture, Veterinary Biologics Division.

Any biological product for veterinary use must comply with safety, sterility, potency, and other requirements of the U.S. Department of Agriculture Veterinary Biologics Division. Invoices covering any such item shall show evidence of such compliance, unless this requirement has been waived by AID.

C. Qualification Costs

1. The cost of collecting samples, if any, must be listed as a separate item in the supplier's invoice in order to be eligible for financing by AID. In addition, the supplier's invoice must be accompanied by a separate itemized invoice covering sampling costs.

2. The cost of plant inspection incurred by foreign suppliers in the process of qualifying for use of the U.S. Food and Drug Administration antibiotic and insulin certification service will not be financed by AID.

D. Expiration Dates

The actual expiration date for each product supplied, or an indication that no expiration date was established by its manufacturer must be listed opposite each item billed. No more than 1/6 of full dating periods from 1 through 18 months, nor 1/3 full dating periods of more than 18 months shall have expired on the date of shipment.

E. Professional Samples

Professional samples shall not be furnished in connection with AID-financed sales of pharmaceuticals in other than finished-dosage form. If sales of finished-dosage forms are eligible for AID financing, any professional samples furnished in connection with such sales shall be at the supplier's expense and must contain less than the manufacturer's smallest available commercial package (but not less than an individual dose) of the same product. Each professional sample shall clearly state in its label 'Professional Sample'. Invoices covering AID-financed pharmaceuticals must include an itemized accounting of professional samples related thereto, whether or not shipped separately.

*Instructions for qualifying to use U.S. Food and Drug Administration certification service and for submitting samples for testing and subsequent certification may be obtained from the Division of Antibiotics and Insulin Certification U.S. Food and Drug Administration.

F. Certification:

The following certification must accompany the other documentation required by AID for reimbursement:—

"I(We) certify that this transaction, financed under Letter of Credit No. _____, meets all requirements of I.A., I.B., I.C., I.D., and I.E., of 'Special Provisions for AID Financing of Pharmaceuticals' as attached to such Letter of Credit and that required certificates are attached hereto.".

(Signature) _____

(Title) _____

(Supplier) _____

II. Banks' Responsibilities:

In the Letter of Credit to be opened in favour of the U.S. Supplier, the importer shall ensure that the U.S. Bank is informed that it shall be responsible, *inter-alia*, for:—

A. Attaching 'Special Provisions for AID Financing of Pharmaceuticals' to any Letter of Credit established under this authorisation for the procurement of commodities included in Commodity Codes for pharmaceuticals.

B. Obtaining from suppliers the certification contained in paragraph IF of 'Special Provisions of AID'.

Financing of Pharmaceuticals as a requisite for reimbursement".

(iii) Between item 7, relating to "Coal Tar Dyestuffs" and item 8, relating to "Textile Fabrics," insert the following as item 7A:—

"7A.—Carbon Black (Aid Commodity Code 3907)

Form AID 285 executed by the supplier. If the supplier indicates on Form AID-285 in the space provided therefor that he is not also the producer of the Commodity, he shall submit an additional Form-285 executed by the producer of the Commodity, and attach thereto an invoice executed by the producer covering the identical goods for which the supplier seeks payment."

(iv) In item 8, relating to "Textile Fabrics":—

(a) for the existing clause A, substitute

"A. One copy of Form AID 1130-4, Textile Fabrics Supplier's Certification, signed by the supplier, for each item listed on the invoice."

"9A, Wood Pulp, Corrugating Materials of Paper and Paper Board, Kraft Paper and Kraft Paper Board (AID Commodity Codes 5913, 5196 and 5917):

Form AID-285 executed by the supplier. If the supplier indicates on Form AID-285 that he is not also the producer of the Commodity, he shall submit an additional Form AID-285 executed by the producer of the commodity and attach thereto an invoice executed by the producer covering the identical goods for which the supplier seeks payment".

(vi) In item 11, relating to petroleum Non-Fuels, delete the existing entries *in toto* and substitute the following:—

"11. Lubricants and Greases (AID Commodity Code 6211).—

A. Invoices for packaged lubricants and greases must identify commodities shipped hereunder by:

(1) AID Commodity Code.

- (2) Proprietary name, if any, and other suitable identifying description, including generally accepted trade identification symbol, and, when applicable, the viscosity number; and
- (3) Applicable United States Military or Federal Specification Number, if any.

B. For bulk shipments of lubricants, a copy of loading or inspection sheet identified to the invoice and showing analysis obtained from tests of the invoiced material.

(vii) In item 16, *delete* the existing entries *in toto* and substitute the following:—

“16. *Rubber, Tyres and Tubes and Repair materials (AID Commodity Code 8913).*—

The import of Rubber Tyres and Tubes will be subject to the condition that the U.S. Supplier should agree to purchase excess natural rubber from the U.S. Strategic and Critical Stockpile in such amounts as may be prescribed by the G.S.A. up to the full dollar value of sale price of the tyres and tubes supplied. Full particulars concerning the amount of rubber to be purchased from the stockpile under this particular program may be secured from the General Services Administration, Property Management and Disposal Service, Washington, D.C. 20405..

For tyres, tubes and repair materials, Form AID-285 to be executed by the supplier. If the supplier indicates on Form AID-285 that he is not also the producer of the Commodity, he shall submit an additional Form AID-285 executed by the producer of the commodity and attach thereto an invoice executed by the producer covering the identical goods for which the supplier seeks payment.”

P. D. KASBEKAR,

Chief Controller of Imports and Exports.
